Dear George, I feel embarrassed  
To address you as I do  
In this quite familiar fashion,  
And in the paper too;  
And on sober contemplation  
I conclude that I may rue it,  
So I've smothered my ambition  
And concluded not to Deweyt.

## FLAG PRESENTED.

Citizens' and Ladies' Gift to New Mexico's  
Battalion at Whipple Barracks Highly  
Appreciated—Resolutions Adopted  
by the Companies.

Colonel W. H. Whitman, adjutant  
general of the territory, is in receipt of  
the following letter and resolutions,  
which require no explanation:  
Whipple Barracks, Aug. 6.—Your letter  
received, also the beautiful flag pre-  
sented by the ladies and citizens of New  
Mexico. It arrived in time to be pre-  
sented at the time the Arizona people  
presented one, and I am glad to say our  
flag is much the handsomest in every  
particular. Thank the governor and  
the good citizens of New Mexico for us.  
I enclose the resolutions adopted by the  
New Mexico battalion.

D. D. MITCHELL,  
Major of the New Mexico Battalion.  
Resolutions adopted by each company  
of the New Mexico battalion of the 1st  
regiment, Arizona, Oklahoma, New  
Mexico and Indian Territory U. S. vol-  
unteer infantry:

Whereas, The citizens of New Mexico,  
and particularly the ladies of our terri-  
tory have, through the SANTA FE NEW  
MEXICAN, presented to our battalion a  
most handsome flag; be it  
Resolved, That we most heartily  
thank the citizens, and particularly the  
ladies of New Mexico, for their hand-  
some present, and that we each and all,  
officers and men, pledge the people of  
New Mexico that, should it be our  
fortune to see active service against the  
enemies of our country, the lustre al-  
ready shed upon the name of our terri-  
tory by our brothers in the field, shall  
never be dimmed by us, and that as  
long as we exist as a battalion, or one  
company or a man is left, our beautiful  
flag shall never be surrendered into the  
hands of a stranger or an enemy; but  
that when we or any of us return, the  
flag shall return with us, and without a  
dishonorable stain; and be it further  
Resolved, That these resolutions be  
adopted by each company, shall be for-  
warded to the governor of New Mexico,  
and that Major Mitchell be requested  
to forward them without delay, as ex-  
pressing our gratitude and embodying  
our pledge to the people of New Mexico.  
We, the commanders of the four  
companies of the New Mexico battalion,  
certify that the foregoing resolutions  
have been adopted by the officers and  
men of each of our companies.

## MINOR CITY TOPICS.

Another good soaking rain last night.  
It is reported that Lamy has 18 cases  
of smallpox.

The infant daughter of Isidro Maes  
died this morning.

Report has it that a laundry will soon  
be opened in this city by eastern parties.

William Evans, who runs the section  
house at Espanola, is in town on a busi-  
ness mission.

The knowing ones assert that the  
cake walk Thursday will carry off the  
entire bakery.

Claire Beatty leaves tomorrow for the  
Jemez Springs, where he will take his  
annual bath.

U. S. weather bureau forecast for  
New Mexico: Generally fair tonight  
and Wednesday.

New Mexico Reports from volume 3  
to 8 inclusive for sale at the New Mex-  
ican at publisher's price.

Pay up your poll tax. The money is  
badly needed by the school board to run  
the schools the coming school year.

The Italian, Adelman, who came up  
from Socorro to have an operation per-  
formed on his eye, left for his home in  
Socorro today.

Regular meeting of Santa Fe lodge  
No. 2, K. of P., this evening at 8 o'clock.  
Work in the degrees. Visiting knights  
given a cordial welcome.

The best and most complete reference  
book published, on preparing forms in  
pleading is Patterson's Missouri Form  
Book. The NEW MEXICAN sells them.

Citizens owning pet canines had best  
see that they stay around home. Some  
one is setting out poison, and a number  
of valuable dogs have lately been poi-  
soned.

"Soldiers of the Cross" is the title of  
a book which has appeared in this city.  
It is by most Rev. J. B. Salpointe and is  
the most complete history of the trials  
of early missionaries in this territory yet  
published.

There was a very heavy rain in the  
Espanola valley last night which brought  
down floods of water in the arroyos and  
did damage in some places. However,  
the water is useful enough to pay for  
any damage it does.

No one in Santa Fe is worried by  
warm weather these days. Santa Fe is  
the ideal summer resort of the United  
States, and it is not a disagreeable place  
to spend the winter, either.

Yesterday the thermometer at the  
local weather bureau registered as fol-  
lows: Maximum temperature, 70 de-  
grees at 4:00 p. m.; minimum 53 degrees  
at 5:30 a. m. The mean temperature for  
the 24 hours was 62 degrees.

Remember the Santa Clara Indian  
feast on next Friday. The D. & R. G.  
road will run an excursion on that day  
to accommodate those who wish to wit-  
ness the Indian ceremonies, and has  
placed the fare for the round trip at \$1.

The repairing of sidewalks still hangs  
fire. It begins to look as if the ma-  
jority of the property owners in Santa  
Fe were entirely devoid of pride and did  
not care a continental for the comfort  
and safety of their friends and neigh-  
bors.

Last Saturday while out in a field at  
his father's ranch, Willie Prince was  
struck by lightning, the shock stunned  
the lad for a short while, but a couple  
of buckets of water thrown on him by  
Miss Clara Gulliver revived him in a  
few moments. He is out again none the  
worse for his adventure.

Judging from the number of dogs that  
are running around town without license  
tags, the city marshal is not enforcing  
the dog license ordinance to any great  
extent. One of two things should be  
done, either kill the dogs whose owners  
refuse to pay the tax or refund the  
money to those who have complied with  
the ordinance. Everybody should be  
treated alike in city affairs.

T. J. Curran has returned from El  
Rito, Rio Arriba county, where he has  
been for two or three days past settling  
the insurance carried by Mr. Thomas  
Sargent, who was accidentally killed a  
short time ago. Mr. Sargent carried a  
policy in the Equitable Life, of which  
company Walter N. Parkhurst is the  
general manager of the New Mexico and  
Arizona department, with headquarters  
at Albuquerque.

P. M. McMurry, professor of peda-  
gogy at Columbia college, New York, and  
Ralph S. Tarr, professor of geology at

Cornell university, paid the city a flying  
visit yesterday. Professor Tarr's name  
is well known among teachers as the  
author of a recent popular text book on  
elementary physical geography. Having  
camped and driven all over the terri-  
tory while with a geological survey in  
1888, the professor feels very much at  
home among the diverse geological for-  
mations of New Mexico.

California this afternoon on important  
legal business, but while there will visit

Yesterday, Mr. and Mrs. J. R. Camp-

Secretary Wallace paid a visit to the In-  
dian village of Tesuque. The sights  
seen were new to the visitors accom-  
panying Mr. Wallace and they were

Professor J. V. Denny, of the Ohio  
State University at Columbus, has re-  
turned to the city after a month's so-  
journ in the vicinities of Glorieta and

reports that he was given a grand en-  
tertaining at Albuquerque since his

## ROSWELL MILITARY INSTITUTE.

School Will Begin September 6—Cadets  
Appointed by Boards of County Com-  
missioners Will Be Given Tuition,  
Board and Lodging Free.

The New Mexico Military Institute,  
at Roswell, will open its first school year  
on September 6, and will hold a ten  
month's session. The indications are  
that the school will have a large attend-  
ance and will be a success from the very  
start.

At a meeting of the board of regents  
held in Roswell on August 2, it was de-  
cided to furnish all cadets appointed  
under section 3670 of Compiled Laws of  
New Mexico, which provides "that each  
county in the territory may, through its  
county commissioners, by competitive  
examination, or in some other manner  
to be determined by the commissioners,  
appoint one student annually who shall,  
without any charge for matriculation or  
tuition, receive during the year for  
which such student shall have been ap-  
pointed, instruction in the regular  
courses taught in said institute," in ad-  
dition to the tuition, board and lodging  
free, the same as is done in similar in-  
stitutes in the east. This step was  
prompted largely by the support that  
has been given the school by the terri-  
torial papers, and a desire to give the  
people full return for the money that  
has been or may be appropriated for the  
maintenance of the school.

The citizens of Roswell are taking a  
great deal of interest in the success of  
the institute, and when bids were called  
for to furnish the students with uni-  
forms, the local merchants threw profits  
to the wind, the successful bidder agree-  
ing to supply all uniforms at an actual  
loss of 50 cents on each suit ordered,  
and contributes his work and trouble to  
the good of the school. By this arrange-  
ment the West Point uniform which has  
been adopted will cost but \$12.50 for  
coat, cap and trousers.

The board of regents propose to con-  
duct the institute in such a manner that  
not one penny of the funds available for  
the support of the school shall be  
wasted, and give back the money to the  
tax payers in substantial work and in  
making of the youth of the territory  
men and citizens who will be a credit to  
New Mexico. In this work the board  
will be seconded in an able manner by  
Professor Meadows, the superintendent,  
and the New Mexican predicts a suc-  
cessful year for the Roswell Military  
Institute.
